

Public Notice

New Website Design

Good morning. We are pleased to announce the release of our redesigned website. Based in large part on your feedback, our website has a new look. Our goal is to present you with a well-organized, user-friendly site that allows you easy access to the information you need. Some of the changes include:

- Reorganized content. The links have been reorganized to make navigation easier and more intuitive.
- Expanded navigation. New links have been added to the navigation bar, which is now located on the left hand side of the page. These quick links take you to information about Electronic Case Filing (ECF), Local Rules, and Procedures and Forms, just to name a few.
- A new search box. We have added a search box that can be accessed from any page, providing an easier way to find the information that you need.
- Court announcements on the homepage. We have enhanced the homepage to give you quick access to the latest news from the court.
- Feedback form. Your comments regarding court operations are important to us. We have added a Feedback form to provide you an easy way to tell us how we are doing.

We hope that you find the new website to be a valuable tool and welcome any suggestions you have on how we can continue to improve it. As always, our staff is available to assist you. A list of key contacts is available at <http://www.innb.uscourts.gov/contacts.asp>. Please contact us if you need any additional information. Thank you again.
